Autonomous parking HMI concept: GUI

Our aim was to present vehicle HMI. We created HMI for car FEV Skoda Rapid on-board display.

— HMI take users through the whole process of autonomous parking. It starts with reserving a parking spot and ends with picking up the car.

UrbanSmartPark

# Autonomous parking HMI concept: Smartphone HMI presentation

- APS starts from the Drop-Off Zone
- Automated driving to a point of interest
- Automated maneuvering into the parking slot
- Automated exiting of the parking slot
- Vehicle handover to driver at Pick-Up Zone
